

Scott Barkley Bio
www.forexwealth.com

Scott Barkley is the President of Rio Financial Group located in Austin, Texas. Scott has a Masters in Business Administration from Colombia State University and graduated from the institute For Latin American Studies in Cuernavaca, Mexico. Scott was an entrepreneur who owned several restaurants, was a business consultant for both Hilton and Sheraton hotels and spent 21 years in the International sales arena, working for companies like Vivendi, in Paris France, Culligan International and ROC Software. During the demise of the technology sector, Scott started an internet marketing company called Accelerated Marketing International and during this time was introduced to FOREX trading.

Throughout his business career, Scott has taught complex concepts and reduced them to simple to grasp techniques. This is evidenced by his writing and producing the Bible Trek (www.bibletrek.com) - a 5 lesson course through the entire Bibleand UNDERSTAND IT. That course is currently taught in Africa, Eastern Europe, Korea, and Latin America as well as throughout the USA and is additionally shown on cable TV.

In 2003 Scott was awarded the **International Forex Development Award** for his work in the UK with a major Forex company. Then in both 2004 and 2005 he was awarded **The Global Forex Award. Scott has logged more than 500 hours of Forex Mentor Training.**

While awards are fantastic, Scott's greatest reward is seeing his personally trained students go on to success. Besides financially successful students, Scott's first student has won the FXCM King of the Mini contest. Success is measured in even greater ways as students have gone on to do terrific philanthropic work. Like one student who uses his Forex income to fund a hospital boat on the Mekong River in Viet Nam. This boat is manned by 4 full time doctors giving out free medical care to those too poor to afford it.

Not to be outdone, Scott heads up an alcohol and drug rehab ministry and is personally involved in a summer camp for 500-700 disadvantaged kids in Romania and a children's ministry to over 2000 Romanian children. He also is very involved in a campus ministry in Bucharest, Romania and a personal involvement in 7 Romanian Orphanages. He personally is in Romania 3-4 times a year and is a featured speaker in the 7 business Universities in Bucharest, Romania.

Scott has three children - all girls and a very supportive wife.

Rio Financial Group's primary objective is to develop new Foreign Currency Traders who seek financial freedom. Mentoring sessions, both individual and group, are available by the Rio Financial Group worldwide, to help others learn the trading skills necessary to succeed in the Forex.
